Canary, lemon and sunflower—spring has officially sprung. Take the bright shade out for a walk
- 12 **ONE OF A KIND**  
With the countryside and culture of her native Nagaland informing her dreamy fashion eye, model and shop owner Carol Humtsoe has a plentiful, Instagram-based curation of slow-sourced, second-hand gems for all, says Divya Bala
- 15 **THE BIG SHORT**  
Grazing the knee in leather and soft-to-touch silk, these versatile longline Bermuda shorts are the epitome of a summer spent in style
- 16 **BRING THE SHINE**  
It's no longer about minidresses with all-over sequins. Add sparkle to pared-back basics for a clash that works
- 17 **AND THEN WE TWIST**  
Retire your favourite flats and swap them for dramatic heels that take a surrealist turn
- 18 **COME TOGETHER**  
Few things are as exciting as a fashion collaboration that goes down in history, and 2022 has so far proven to be the year of pair-ups. Whether it be designers linking arms to form a dream team or brands criss-crossing culture, food and art to inform the world of fashion, we put our weight behind the collaborations to covet now and forever
